Kartik Aneza

CEO , Nayi Disha Studio

New Delhi

Dear CEO,

Thanks for consideration and shortlist from the application filled through internshala. I am keenly interested in the Computer Vision. I believe in the mission of Nayi Disha to make learning fun and would be excited to be an intern with your organization.

I am working with image processing in c++ and matlab from nearly 8 months. Working with ek pahal (education beyond schooling) , now for opening of Alliance Public School in my hometown (Biharsharif, Nalanda, Bihar) makes me more enthusiastic to work for children.

I am confident that my skills, experience, strong interests in working with images and mastering in quickly learning new skills have prepared me to be a perfect fit for your program. I have attached my resume and look forward to discuss my qualifications with you. Thank you for your time and consideration.

Sincerely,

Rajnish Kumar Ranjan
